

From the years
2023-2025,
data was collected from
408 students
who participated in
iCare Kids
post curriculum survey.

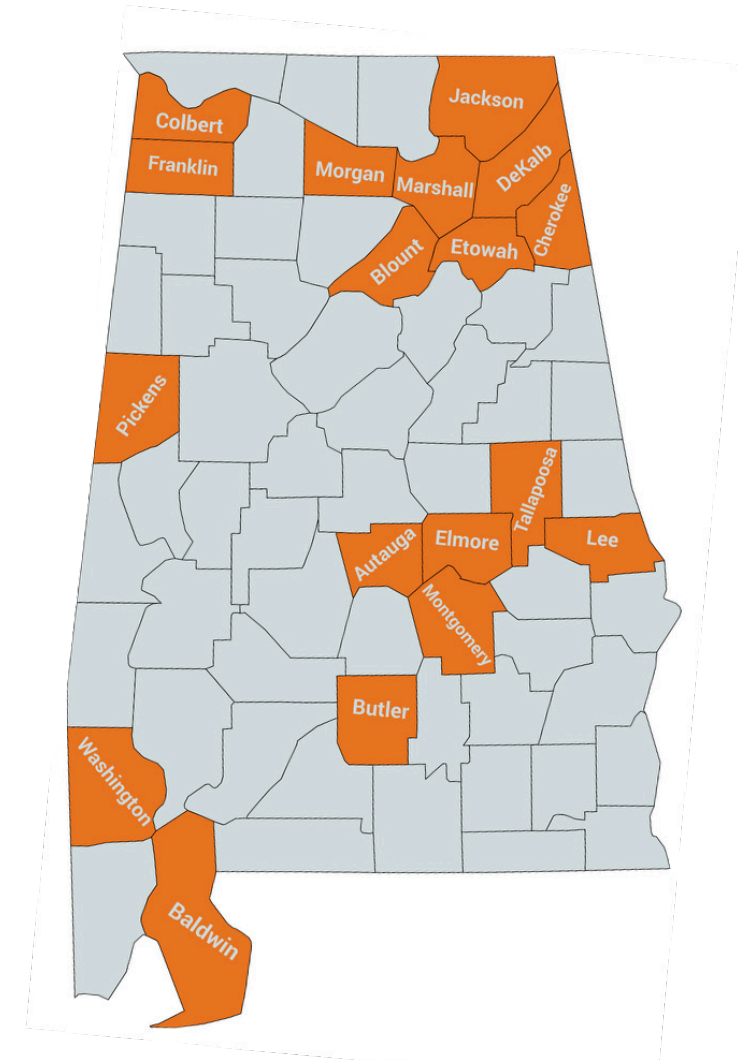

iCare Kids

was taught across
the state of

Alabama

to **769** 4th & 5th grade
students, ages 7-13.

A Commitment to Giving: Nearly 70% of youth are ready to share their skills and resources, proving that the next generation views service as a lifelong priority.

Building Stronger Foundations: Youth reflected the importance of personal growth and integrity, with 60% indicating that developing character is important.

A Community that Shares: Young people are committed to helping others, with nearly 60% reporting that sharing is important.

Setting Sights on Success: 84% of youth gained a strong understanding of goal setting, showing they aren't just dreaming of a better world—they are ready to plan for it.
